

Of roughly 44,000 eligible voters in Haldimand County, approximately only 33% chose to vote in the previous Municipal Election (2022). This is a typical average for all Ontario. However, if you truly wish to have your voice heard, this is the chance to do so. Vote October 26 - its your future!

Having heard a lot of negative criticism in the past few weeks regarding the state of the County and how candidates are going affect immediate change upon being elected, the reality is, its not that simple! I have reviewed the County's Budget, Annual Repayment Limits, Property Tax Rates and Trends, Asset Consumption Ratio's, and Debt to Revenue Ratio's. We are not facing impending disaster; in fact, we are doing well.

I have spent my entire 50-year career building and running many successful businesses; giving me a firsthand understanding of the value of hard-earned money, responsible budgeting, and making decisions that benefit the people I serve.

On a daily basis, I've worked with Building Departments, Health and Safety, Health Canada, Conservation Authorities and numerous private business owners across Ontario. Familiarity with site planning and building code requirements, budgeting, costing, spread sheets, writing contracts, analysis and execution skills are what I will bring to Council.

On a personal note, I have been a long-time resident of Dunnville, married to my wife Anita for over 48 years, have 5 children and 15 grandchildren.

Dunnville is a great place to raise a family. It offers boating, swimming, fishing, hunting, camping and numerous other recreational activities. We are blessed with great restaurants, stores, our own hospital and community centre, and a growing tourism indsutry to name a few.
